

How to Use Green Screen by DoInk with Canva

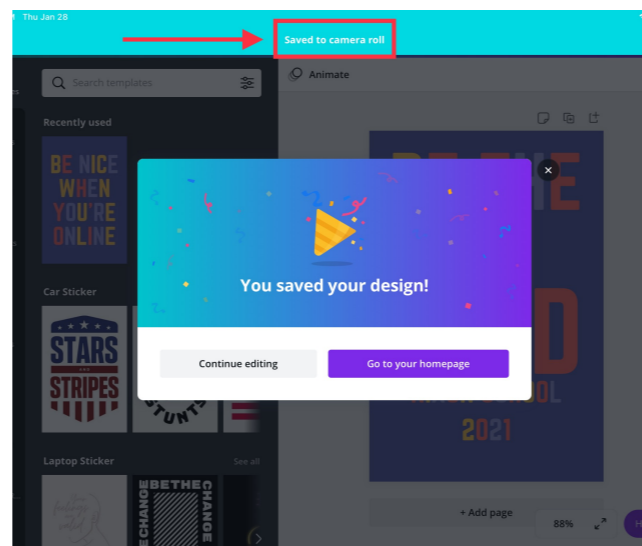

1

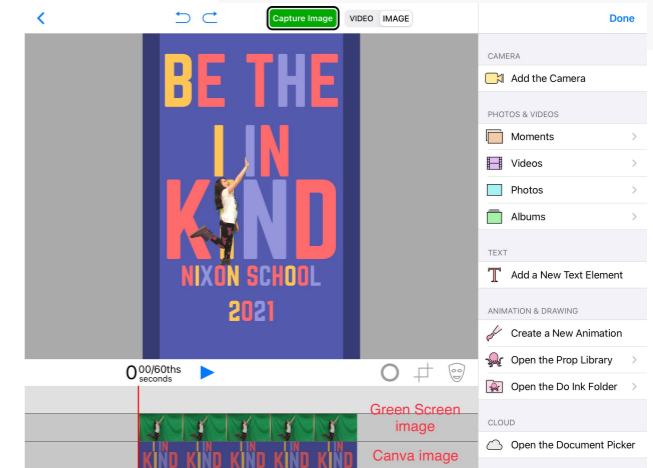

Launch 'Canva' and choose desired template

2

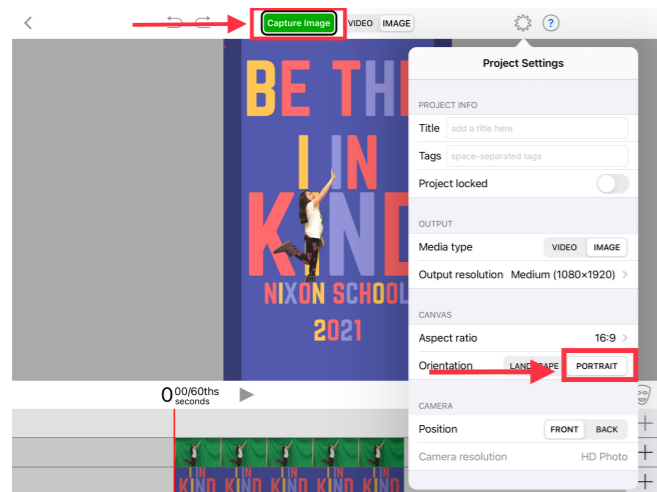

Save customized 'Canva' project to camera roll

3

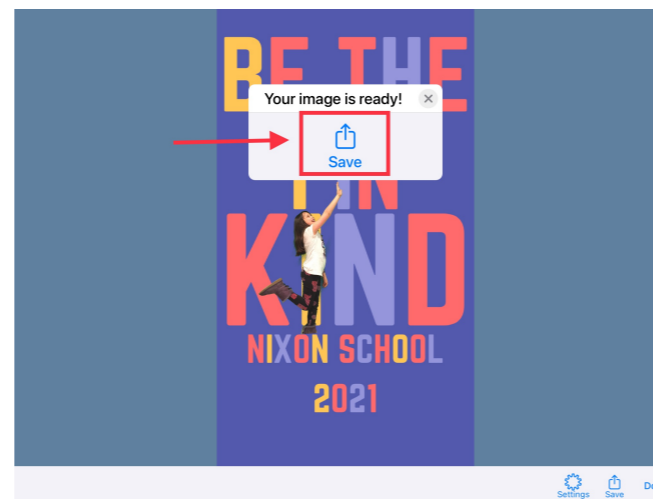

In DoInk Green Screen App, put Canva project on bottom layer. Put green screen image on middle layer.

4

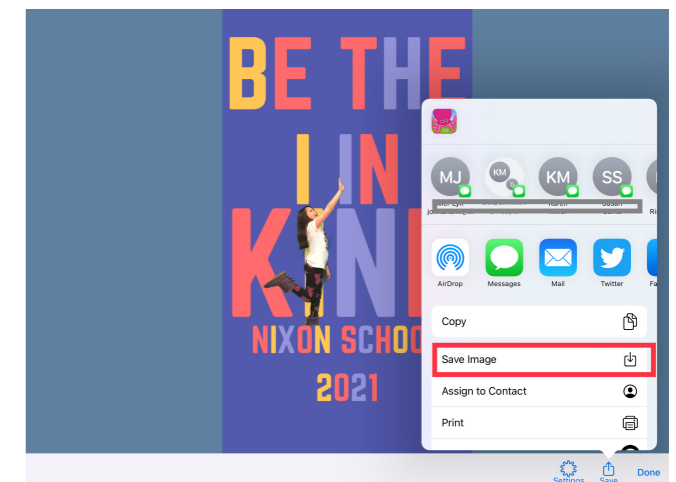

Tap 'Image'. For a 'portrait project' tap 'Gear' icon. Select 'Portrait' under Orientation. Tap 'Done'. Select 'Capture Image'.

5

Select 'Save'

6

Select 'Save Image' Success! Image is saved when you tap 'OK'. Tap 'Done'.
